CLINTON, N. C.,—SEPT. 19, 1889.

The new steel cruiser, Baltimore, is the fastest in the world. Her record is over 20 knots per hour.

Rev. Dr. W. M. Robey, one of ablest Methodist divines of the State, died at Goldsboro on last Saturday, the 14th inst.

County Business Agent Clute returned from Wilmington Tuesday where he bought a small lot of pine straw bagging. He has just received a telegram stating that a large lot of cotton bagging had been shipped him, which will arrive before Saturday.

Commissioner of Pensions, Tanner, has tendered his resignation at last. The Administration has had a happy ride and the people a happier one in the resignation of this spendthrift, who has been squandering the people's money through the pension bureau.

The Raleigh correspondent of the Wilmington Messenger says that orders of cotton bagging by the Alliances are so heavy that it is almost impossible for the mills to supply it fast enough, but if our farmers will just be patient they will get enough to wrap every ounce of cotton and probably get more for their produce by waiting.

Capt. Daniels, the cotton buyer for Messrs. A. Sprunt & Son, was sampling a lot of cotton a few days since, when he found that a bale from Sampson county graded the highest. A Sampsonian standing by expressed himself as much gratified, whereupon the buyer said that such was often the case. In view of this fact we hope the Clinton buyers can outstrip other markets in prices this fall.

The directors of the North Carolina Insane Asylum have elected D. W. Wood, of Halifax county, superintendent of that institution. There were twelve candidates for the position, the leading ones being Dr. Brown, Wood, Tucker, McDuffie, Miller and Hines. Dr. J. R. Pearsall, a native of Sampson county, and recently located in Fayetteville, was elected as second assistant physician. There were twenty-two candidates for this place.

Mr. W. S. Chadwick, of Beaufort, has been elected President of the Atlantic and W. C. R. R. to succeed Mr. Washington Bryan, who is now President. The Board of Directors is composed of the following gentlemen: W. S. Chadwick and T. D. Webb, of Chatter; W. G. Brinson, of Craven; P. M. Pearsall, of Jones; Dempsey Webb and A. C. Davis, of Lenoir; W. T. Caho, of Pamlico; Charles Dewey, of Wayne; Clement Manly, of Craven, is State's proxy.

We have had the list of newly appointed School Committees two weeks for publication but have been unable to find room for it. We also have an interesting and valuable article, read by Prof. I. Royal before the Teachers' Institute and requested to be published by the teachers, but on account of its length have been unable to give it space, and no extracts from it would do it justice. We are constantly hampered by want of space, have several columns of matter left over each week, in fact we could fill a paper double the size of THE CAUCASIAN each week with matter that deserves and ought to be published. But it is very expensive to run a paper the size of the one we are now publishing and we ought to justify us to continue the work we are now doing.

Sir Edward Arnold, (knighted because of his pretty and graceful poem, "Light of Asia") is in New York. He has been to Washington and met the smallest President these United States ever had.—Wilmington Messenger.

Centennial Committees Diligently at Work.

CONVENIENCES BY POSTAL TELEGRAPH COMPANY.

THE ONLY ENGRAVING AND STEROTYPING COMPANY IN THE STATE—A NEW COURTHOUSE NEEDED—THE GOOD WORK OF THE Y. M. C. A.

[Reg. Cor. CAUCASIAN.] FAYETTEVILLE, N. C., Sept. 16th, 1889.

I am just beginning to be impressed with the real importance of the Y. M. C. A. A visit to the rooms any night will convince any one of the good it is doing. Crowds of young men go there, and are cordially welcomed by Mr. Harley, the general Secretary. A register is kept for all arrivals and it discloses visitors from many places. Two crochete tables have just been added to the amusements. It is a new, simple and interesting game. The building for the gymnasium commences this week.

Dr. and Mrs. Hagburn arrived here Saturday from Japan to spend a short while with their relatives. They have been engaged in missionary work in that country for thirty years. They will return there, and after two years more expect to come back to this country to live in their old home in New York city. They are about 73 years old. Their lives have been devoted to the cause of Christ.

The election of Dr. W. N. Wood seems to give satisfaction. Dr. McDuffie, who was one of his chief competitors speaks of him in the highest terms, and says the directors made no mistake, as he is a polished gentleman and esteemed for his learning and ability by the medical brethren. The election of my friend, Dr. J. R. Pearsall, of city, as second assistant physician of the North Carolina Insane Asylum was also a wise choice. We know Dr. Pearsall to be a gentleman in the true sense of the word, and the doctors say he is a young man of ability and great promise. We are sorry to lose him but glad that he was successful. He left on Friday for his new field.

The Carolina Engraving and Sterotyping company is a new enterprise here, with Mr. McKee Barclay in charge. This is the only engraving establishment in the State and one of the few in the South. Mr. Barclay is from Louisville.

Cotton is coming in at the rate of twenty bales per day. It is three weeks late. New buyers will make the market unusually lively this season. Cotton may say there will be largely increased receipts. Last year several thousand bales were marketed here from South Carolina.

The burning of the Courthouse at Carthage has caused a general demand in this county for a new Courthouse. The present structure is not worthy of the name it bears. The records are exposed, and any morning the people may wake up and find themselves in the same condition as the people of Moore county. A new Courthouse would cost something it is true, but the danger and risk of the present one is entirely too great. The question is being agitated. The Grade School opens this morning. Prof. Melver, the superintendent, and Mr. Grady, of Pittsboro, one of the new teachers arrived last week and everything is in readiness for the opening.

The evangelistic labors of the Dr. Evangelist W. P. Fife, are being crowned with success. He has just closed a meeting at Rockingham with over 300 conversions.

It is asserted that the farmers of this county are in a better financial condition than for many years. The crops are good and they owe comparatively little money. This is good news. The Postal Telegraph Company opened its office here last week with Mr. J. G. Cobb in charge. A very neat and tasty office has been fitted up in the corner of the Hotel LaFayette building. Call bells will be put in the offices of business and professional. By this means a messenger comes to your desk and takes your message.

The poles of the Postal Telegraph company have all been painted. It is a wonderful improvement. The Western Union and Electric Light companies ought to paint theirs.

The Centennial committees meet every Thursday afternoon. The work is moving along nicely. An order has been placed for more than a thousand dollars' worth of fire-works. It will be a grand display. Professional decorators from New York will decorate the city. Kneek's band from Richmond will be one of the leading bands here. Many will be invited. There is a very great demand here for dwellings. Many are in course of construction. Several marriages of prominent society people are to take place next month it is said. Cupids

harvest, it seems, will be great this fall. I extend congratulations to the people of Sampson on the organization of their Agricultural Society, and the certainty of a Fair in December. A live newspaper and live men to aid it is a power.

Mr. J. Cooper Poy was found dead in his room yesterday morning. He had been in bed for some time, and died, it is supposed, from heart disease. He was about sixty-seven years old. Many Sampsonians will remember him as a leading dry goods merchant in this city years ago.

The Centennial General Club gave the first of the seasons series of dances at Brandt's Hall Friday night.

The Belmont German Club will have its first one-to-mo-row night at Belmont, on Haymarket. Rev. Joseph Wheeler, of the Hay Street Methodist church has been absent for several weeks. He has been quite sick, but is now in Charleston, S. C., recuperating. He will return this week.

Sheriff Spell's father and brother were here last week. They brought produce to market. We were glad to see them.

THE RE-UNION OF THE VETERANS—THE MEETINGS TO BE HELD ANNUALLY.

A New Brick Jail—Important Alliance Business—A Human Curiosity.

[Reg. Cor. THE CAUCASIAN.] KENANSVILLE, N. C., Sept. 16th, 1889.

Saturday, Sept. 14th, was indeed Veterans day in our village. As early as 8 o'clock in the morning people of both sexes, and all classes, from the wealthy farmer to the pensioner, and of all ages, from the gray-haired veteran to the tiny infant, began to arrive; some on horse-back, some walking and others in any sort of a vehicle from a two-horse carriage to an ox cart. They stood not upon the order of their coming" just so they got here.

At 12:30, Capt. Jas. G. Kenan commanding, the veterans, numbering about twenty-five (although there were a great many more present) assembled in marching order, on the "Bone Yard" and marched to Post Office, thence to Attorney Kneegay's Office where they halted and were greeted with an able address from Col. Thos. S. Kenan in which he urged upon them the necessity of collecting old historic letters and other reminiscences of the late war and forwarding to the Secretary, Prof. B. F. Grady, to be used in the construction of a correct history of the war. He also set forth many plans by which to make the annual reunion a complete success, but our space forbids them all. At the conclusion of Col. Kenan's address, Attorney A. D. Ward treated the assembly to an excellent little speech which was loudly applauded, after which the association adjourned for dinner and it being rather late they all did ample justice to the many good things set forth to appease their hunger.

At 3 o'clock the Association was again called to order, Vice President, Wm. Moore was called to the chair. The Secretary, Prof. B. F. Grady, being absent, Mr. S. B. Newton was elected Secretary pro tem. The first motion before the Association was whether or not they have an annual reunion and a unanimous vote for the reunion followed.

The time for the reunion was set at Thursday after 2nd Sunday in October of each year. It was decided that there should be a dinner furnished for the occasion.

Every veteran is cordially invited to come whether or not he is able to bring a basket, as the committee will see that he gets dinner. The committee appointed consisted of Joe. H. Carr, Kenansville township; Wm. Winders, Warsaw; W. D. Bradshaw, Island Creek; B. B. Carr, Faison; Thaddeus Jones, Wolfscrope; J. W. Grisham, Limestone; J. R. Miller, Sr., Smiths; Jacob James, Cypress Creek; I. J. Johnson, Rockfish; Dr. McMillan, Magnolia; W. H. Grady, Albemarle; and F. M. Keithley, Glissens.

The county commissioners have reconvened the jail question and have decided to erect a brick building with steel cells instead of a wooden structure as previously stated. The contract for furnishing brick was awarded to Mr. Sam Albertson who will begin work to day. The brick will be made immediately at the jail site.

We were glad to see the able Editor of the Fayetteville Observer in town on "Veterans day." The Barbecue Lodge of farmers alliance held a regular meeting here on the 14th and took some important steps towards some new business the nature of which will not be made public until completed. There will be a protracted meeting at the M. E. Church in

this place, beginning on the 14th Sunday in this month, conducted by Rev. Mr. Forbes and others.

Mr. J. E. Sprunt left this morning for South Carolina, whether he goes to buy cotton. "A Collard" put it nicely in last week's CAUCASIAN and we second his motion.

Mrs. J. A. Cox who, after spending some months in New Jersey, has been visiting friends here, returned to her home in Wilmington to day.

Mrs. T. P. Ricand and daughter, Miss Rosa, of Wilmington, are spending some months with the daughter of the former, Mrs. A. P. Farrior.

There was a living curiosity on our streets this morning in the shape of a boy. He is a native of this county is 6 years old and weighs 47 lbs, is 3 1/2 feet high and his right foot is 11 1/2 inches long. His "big" toe, which stands almost upright is 5 1/2 inches in circumference and 3 1/2 inches long, while it is 13 1/2 inches around the ball of his foot. The left foot is not quite so large but each has five toes occupying very irregular positions. His wrist is about 1 inch less in circumference than his foot. He says that it gives him no trouble and he walks about with apparent ease and was even seen to run on the streets.

Esquire Jno. O. Bryan expects to spend the balance of the year in Florida.

The relatives and many friends of Dr. J. R. Pearsall, whom they consider a Duplin boy, are very much gratified at his promotion to the position of 2nd assistant physician at the N. C. Insane Asylum. The State certificates to be issued by Prof. M. C. S. Noble and Prof. Shaw, county Supt, have not yet come to hand.

Mr. J. C. Cox, whose parents reside here, is quite sick at his adopted home in Wilmington.

On Sept. 13th Prof. Shaw Co. Supt. examined nine males and twenty three females for teachers.

Died, at Goldsboro, N. C., on the evening of the 16th, Mr. W. H. Williams, Sr., of this county. Mr. Williams has been in very bad health for a number of years and was in Goldsboro under medical treatment, at his death. He leaves a host of relatives and friends to mourn his death.

Alliance Department.

[THE CAUCASIAN] was adopted as the official organ of the County Alliances by the County Alliance, January 19th.

Notice.

The Executive Committee of Sampson County Farmers' Alliance are requested to meet at Clinton on Saturday, September 21st, '89, at 10 A. M. sharp.

By order of J. A. OATES, Chairman Ex. Board.

The Canning Factory Again—Let Us Act At Once.

Have you discussed the proposition in your lodges? The delegates to the October meeting should come with some instructions on the matter. If we start a canning factory next spring, we should commence to make our arrangements now. If our business agent is to manage it, we should start him off immediately before the factories close for the season, to inspect the practical working of some successful and well-established concern. Suppose we decide to start a factory with a capital stock of \$2,000, how can the amount be raised? We can divide the stock into 200 shares of \$10 each. Now let each sub-Alliance lodge subscribe three shares. Suppose forty Alliances so subscribe, it makes \$1200. Then let us offer the remaining eighty shares for sale to the business men of Clinton, to private citizens in the county, which we have no doubt would be bought immediately. This would raise the money and still leave the majority of stock, and therefore the control of the factory, in the Alliance. Will this amount be sufficient? Yes, for \$500 will buy the necessary machinery with which to start and leave us \$1,500 in cash to pay for the fruit next summer. This arrangement will make the capital stock easy to pay, for we would need only 25 per cent. of each share by the first of January, 1890, with the remainder payable along at stated intervals during the spring and summer. If this enterprise proves a success, as it is bound to do with proper management, then next year we can increase the capital stock, increase the capacity of the factory and buy machinery for making our own cans.

Think over and discuss the matter, brethren, and let us take some decided action on the matter at the next county meeting.

The Tricks of Jute Men. The Raleigh correspondent of

the Wilmington Messenger says: "There is a decided stir among the Alliance. It is ascertained that the jute bagging trust is trying some new tactics, and is shipping its bagging, without orders, to many points in the State where it can induce people to take it, so as to have it stored. It is learned that in Sampson county the trust is offering bagging at two cents per pound. It is suspected some two or three Alliance men have turned traitors and are aiding and abetting this new movement of the trust. At all events, a searching investigation is to be made at once and if the trick has been attempted it will certainly be revealed. Some Alliance men are also accused of having bought this boycotted bagging."

It is true that the Jute Trust has offered to furnish leading Alliance men in Sampson with their bagging at two cents per pound, but we don't believe that there is a member in the county traitorous enough to accept such a compromising offer. Such an offer was made, we understand, to Treasurer J. R. Baman while he was attending the State Alliance at Fayetteville, but he spurned the insulting offer and told the parties that he would not use it if they gave it to him. We admire his grit and hope every other farmer as well as Alliance men will act the same way. As we said last week "Fear the Greeks Bearing Gifts."

An Appeal to Every Cotton Farmer in the Alliance.

The National Cotton Committee of the National Farmers' Alliance held a meeting in the city of Atlanta, Ga., on the 28th ultimo, and unanimously adopted the following resolutions:

Resolved 1. That the National Cotton Committee recommend that the farmers of the South shall sell no cotton during the month of September, except what may be absolutely necessary to meet the obligations which are past due.

Resolved 2. That the National Cotton Committee instruct the President of each primary Alliance, Wheel or Union, or some person appointed by him, to meet the President and Secretary of this County Alliance, Wheel or Union, on Saturday the 28th of September, at the county site, for the purpose of receiving further instructions from the National Cotton Committee.

Resolved 3. That each State Secretary of every State be charged with the duty of placing these resolutions immediately before the respective County Presidents in every county in his State, and charge all expenses of printing and postage to the National Alliance.

Resolved 4. That every farmer be urged to exercise special care and caution in sheltering and protecting his cotton in bales from damaging weather, and also from lying on the ground.

Resolved 5. That every newspaper in the South in sympathy with the interests of the farmers is requested to publish these resolutions.

As will be seen by the second resolution, each President of the Subordinate Alliances is requested to meet (or appoint some one to meet) the President and Secretary of his County Alliance at the county site on the 28th instant, for the purpose of receiving further instructions. This Committee is well informed as to the situation, and it will have highly important information to impart to the Order on that day. Let each Sub-Alliance and County Alliance give the Committee their cordial and ready cooperation. The Secretary will please notify his President promptly on receipt of this circular. In this great matter LET US BE A UNIT.

Fraternally,

J. L. POLK, Secretary N. C. F. S. Alliance.

A Voice from Bluff. When the Alliance passed resolutions against the use of jute bagging, it should have passed similar resolutions against numerous other trust goods and also resolved to stick to home productions and to the fattening of all the hogs that could be procured, raise its own corn, wheat, oats, hay and fodder; also resolved not to vote for any man to legislate for us or to hold any important office in the gift of the people who could be bribed by the money-laundering influence of any money, body or corporation, then the mail would have been driven to the head, it is high time for the poor, down-trodden farmer to look after his own interest and cease listening to the oily-tongued office-seeker, who has nothing but his own selfish desires to gratify. Will the toiling masses never be anything but mere tools and slaves for the kid-glove gentry who have been banqueting so long on their hard earnings? "How long, O! how long," will such continue to exist? Think over this, brethren.

WHY WILL YOU cough when Sidd's Cure will give immediate relief? Price 10 cents, 50 cents, and \$1. For sale by Dr. R. H. HOLLIDAY, Druggist, Clinton, N. C.

The infant child of Mr. W. K.

County Supt. Royal examined

several parties last week for teach-

The Clinton Lodge K of H

last Friday night the 20th inst

of the 12th as stated last week.

Let every Alliance man read the

article on a cunning factory in the

Alliance Department this week.

We are requested to state that

the store of M. Hanstein will be

closed next Thursday, Sept. 26th

in observance of the Jewish new year.

We have been shown by Mr.

Spill, that a pear weighing nineteen

ounces and measuring fourteen inch-

es in circumference. It was grown

in town.

We are pleased to see that our

young friend Mr. T. M. Lee of the

State University has been elected

honorary order for Washington's

birthday.

For months we have said nothing

about money, for we knew it was

scarce, but we will need every

cent due us by the 12th of Oct. Call

on us as the first time you come

to town.

Bring your cotton to Clinton!

Building cotton worth 19 cents.

The same cotton is worth in Wil-

lington to-day 101, this difference

will barely pay the freight from

here there.

Resolutions of respect to the

memory of our late young friend J.

R. Stewart are just received from

Messrs J. E. White, F. M. Royal

and J. A. Oates, Com. for the Philo-

anthropic Society of Wake Forest,

but alas for want of space we can't

publish till next issue.

We have lately received many

gratifying compliments on the ap-

pearance and "get up" of THE CAU-

CASIAN and especially on the last

one. The communication by "a

collar" was timely original and

striking and has received many

favorable comments.

It is a fashion in many places

to pay a fancy price for the first

edition as a sort of advertisement,

after which the price drops with a

bang and the loss is made up. Not

so with Clinton. She opened her

cotton market at 10 cents but instead

of dropping she has raised it and is

now paying 101 cents.

Why not have another game

upper this fall? The one held last

fall was a great success and we should

by all means have another and at the

same time as the last. The

editor boys are willing to pick their

flats and try again, and will, no

doubt give the citizens all they can

do to beat them this time.

The cash premiums offered by

the Ex. Com. of the Sampson Co.

Agricultural Society for exhibit at

Sampson Fair December 4, 5 and 6

of Dec. next, appear in this issue. The

special premiums offered by the

business men of Wilmington will

appear next week, those from Golds-

boro and Fayetteville the following

week.

The protracted meeting which

has been conducted by Rev. O. P.

Beck, in the Baptist Church in this

place, closed last Sunday night.

Twenty applicants were received in-

find anywhere—men who are inter-
ested in Sampson and her enterpri-
ses. Nearly every one presented a
special premium and most of those
who did not were very gentlemanly
and gave good reasons, but we are
sorry to say that a few were crabb-
ed and did not seem to know
how one gentleman should deport
himself towards another. We are
tempted to give their names, but
hoping that they may yet improve
in wisdom and good breeding, we
forbear.

—We were surprised to learn, a
few days since, that it was currently
reported in adjoining counties that
there were between thirty and forty
cases of typhoid fever in Clinton.
One gentleman stated that the peo-
ple in his community were really
afraid to come to Clinton lest they
should catch the fever. This is al-
most laughably ridiculous. It is
true that we have had about a do-
zen cases of fever this summer and
these have recovered, save three
whites and two negroes. It is a fact
that there has been more typhoid
fever everywhere this summer than
ever known before for years, but it
has been noticeable that it has visit-
ed the very healthiest localities
known. Clinton has had less than
one per cent. of sickness and we
don't think there are many towns
that can show as good a record. In
fact we have one of the prettiest and
healthiest little towns in Eastern
Carolina, and we challenge any one
to furnish the facts to dispute these
claims.

I dependent C der of Odd Fellows.

A Lodge of this order was institu-
ted in this place last Monday night
by Grand Secretary, B. H. Woodell,
and Deputy Grand Master M. L.
Wade, assisted by Messrs. B. F. Mas-
seguill, E. Lee and T. W. Braswell,
of Dunn.

There were twenty-five charter
members, as follows: O. F. Herring,
J. S. Bizzell, F. R. Cooper, W. G.
Rackley, W. S. Thompson, T. C.
Pope, W. E. Stevens, Dr. John A.
Stevens, C. T. Butler, J. W. Wed-
ding, W. H. Stetson, W. A. Rogers, Wil-
lie Turner, J. W. Underwood, B.
Underwood, J. H. Royal, W. E.
Bass, W. J. Pugh, T. D. Smith, D.
Nicholson, P. F. Stevens, R. A.
Moseley and G. T. Hays.

The following officers were elected
and installed:
N. G.—D. B. Nicholson.
V. G.—Dr. John A. Stevens.
R. S.—O. F. Herring.
F. S.—J. S. Bizzell.
T. W.—G. Rackley.
Chap.—Rev. J. W. Turner.
W. W.—H. Stetson.
R. S. N. G.—W. E. Stevens.
L. S. N. G.—R. A. Moseley.
R. S. V. G.—F. R. Cooper.
L. S. V. G.—W. S. Thompson.
Com.—W. R. King.
R. S. S.—J. W. Underwood.
L. S. S.—W. J. Pugh.
I. G.—T. D. Smith.
O. G.—W. A. Rogers.

This Lodge will be known as Clin-
ton Lodge No. 124 I. O. O. F. It
contains many of our leading citizens
and starts upon its career under
most favorable auspices.
The order of Odd Fellows is on a
rapid growth in North Carolina and
throughout the country.
We hail this new lodge in our
midst as another factor for the el-
evation of humanity and the promo-
tion of active benevolence among
our people.

Another Sad Death.

Mr. John B. B. Stewart, son
of our townsman, Rev. J. L. Stewart,
died on last Friday night, the 13th
inst., after an illness of about two
weeks.

Johnnie was a bright young man,
just entered upon the estate of man-
hood, and in his death his family
has lost a kind, affectionate and use-
ful member, and this community
one of its most promising and high-
ly esteemed young men. One would
meet but few purer characters than
he in a life time, and it is to be re-
gretted that such a promising life
was cut so short. On Saturday at
1:30 o'clock, the body was escorted
to the cemetery by a detachment
of the Sampson Light Infantry, of
which the deceased was an honored
member, and the funeral services
were conducted, in the presence of
a large assemblage of relatives and
friends, by the pastor of the Baptist
Church, Rev. O. P. Beck.

After the grave had been filled it
was covered with wreaths and gar-
lands of beautiful flowers—emblems
of purity—not more pure than he
who slept beneath.

LITTLE COHABITE.

Miss Mamie Highsmith left last

week for Greensboro Female College,

where she will complete her educa-

tion.

The farmers of this section are

through pulling fodder and have

commenced picking cotton, but we

are sorry to say that there is not

much to pick. One man says that

he planted eight acres in cotton and

thinks that he will get one bale. We

think this ought to learn the farm-
ers to plant less cotton and turn their

attention to something that will pay
better than raising cotton to buy

their bread and meat.

We are glad to know that Mr. A.

D. Cooper, who has been suffering

with a bruised knee, is improving

very fast.

We regret to learn that Lucian

Spell, son of Rev. Owen Spell, is

quite sick with typhoid fever.

The protracted meeting at Bethel

closed last Saturday, and we trust

much good has been accomplished.

We see that the Wilson Advance

announces that its town has seventy-

six marriageable girls. We can

boast of having fifty marriageable

girls within five miles square who

would make good wives for some-

body, they are pretty and intelli-

gent.

Mrs. Marshall Sewell and son, of

Cumberland, have been visiting

friends and relatives in this section.

BLACKSMITH.

NORTH CLINTON.

Mr. Clarence Herring had the mis-

fortune to lose his dwelling and

kitchen by fire last Friday night.

The fire is thought to have originat-

ed by leaving a bucket of ashes with

coals of fire in it in the kitchen. Mr.

Herring saved part of his furniture,

but the greater part was consumed

by the flames. His loss will reach

between \$1,000 and \$1,500.

TAYLOR'S BRIDGE.

Mr. Thomas James has a flourish-

ing school at Woodland Academy. It

now numbers over 30 pupils.

LIBSON.

We would like to ask a certain

school teacher to teach us how to

navigate with two umbrellas hold-

ed, one above a dog cart and the

other under it.

Mr. Editor what would you think

of a couple of young men who would

hire a young lady's buggy and then

refuse to pay the hire? But we col-

lect from their employers. [We

think the lady would be justifiable

in "lifting" them.—Ed.]

HONEYCUTTS.

An old man, sixty years of age,

went, with his affianced, to Squire

R. M. Crumpler a few days since to

be married. The Squire promptly

asked for his license. The old lover

said that he had no license, but

would give a bond,—he is not mar-

ried yet and is wondering over the

changes of these times. He was

married the first time before the

war without license and says mar-

riages ought to be the same as long

as the Bible stands.

Messrs. A. H. Herring, E. L.

Crumpler and R. E. Herring have

just erected a new steam mill. Last

Thursday the first named gentleman

drove up to the mill in his buggy

and went to work. Some parties

were felling trees, one of which ac-

live and enterprising paper, the Wil-

lington Messenger, was in town Tues-

day soliciting subscriptions and gather-

ing news items for publication.

Lieut. Matt. R. Peterson left Monday

for Port Union, New Mexico, when he

enters into the regular army for life.

Lieut. Peterson graduated from West

Point last June and will doubtless make

an efficient officer.

Mr. J. H. Royal has gone North to

buy a stock of goods to place in the

large new brick store which he has re-

nted from Mr. J. E. Royal. Upon his re-

turn he will more into town. Look

out for his new "ad".

Messrs. M. Hanstein, J. E. Royal and

W. G. Hubbard (the latter of the firm

of A. F. Johnson & Co.) are back from

the Northern markets. A lot of new

and tasty goods will soon be displayed

in their respective stores. See what

they will have to say in their new ad-

vertisements next week.

 wonderful results in curing catarrh.
